WORK EXPERIENCE

Hapag-Lloyd AG, Hamburg — Shipping / Logistics Sector

Working Student, Project Coordination & Customer Experience | 2024–2025

- **Funnel & Behavioural Analysis:** Analysed customer booking journeys and user research data to identify friction points and conversion drop-off patterns; translated findings into structured performance summaries that directly influenced product backlog prioritisation.
 - **Data Quality & Agile Delivery:** Tracked data artefacts across agile sprints, ensured measurement consistency, and QA'd reporting outputs before executive sprint reviews — maintaining data integrity across the full analytics pipeline.
-

ECE Group, Hamburg — Marketplace / Real Estate Sector

Working Student, Business Development | 2024

- **Market Segmentation & Intelligence:** Conducted competitive analysis and market sizing across automotive and furniture retail segments; built structured benchmarking frameworks translating market data into opportunity scoring for strategic planning.
 - **Insight Delivery:** Packaged analytical findings into executive-ready reports influencing channel prioritisation and business development pipeline decisions.
-

Moli Media Corporation Limited — E-commerce Live-Stream Agency

Marketing & Project Coordinator | 2019

- **E-commerce Funnel & Audience Analytics:** Analysed user behaviour, audience engagement, and conversion data across live-stream e-commerce events for 4,000+ attendees; produced post-event performance reports covering funnel drop-off, retention signals, and revenue attribution across the full customer journey.
 - **KOL / Influencer Performance Tracking:** Measured and reported KOL campaign effectiveness — tracking reach, engagement rate, and audience cohort behaviour across digital and live-event channels to optimise influencer spend allocation and improve ROAS.
 - **Insight-to-Action Reporting:** Delivered structured analytical reports with data-backed recommendations that demonstrably improved targeting and format decisions for subsequent campaigns, directly supporting CAC reduction goals.
-

Intelligent Power Corporation Limited — IoT / IT Sector

Marketing Manager | 2020

- **Campaign Analytics & ROI Measurement:** Tracked and reported marketing performance KPIs across 4 B2B product launch campaigns; ROI analysis evidenced direct event-to-revenue impact of 4.6M CNY in signed contracts.
- **Funnel Optimisation & Lead Analytics:** Analysed lead capture and pipeline conversion data from trade fair activations; identified drop-off stages and recommended targeting adjustments that improved qualified lead rate.
- **Segmentation & Channel Strategy:** Developed customer segmentation models to differentiate messaging across B2B verticals; supported channel selection decisions with data-driven audience analysis.

- **Competitive Intelligence:** Built recurring competitor monitoring reports covering pricing, positioning, and channel activity; delivered strategic insights informing product go-to-market adjustments.
-

GRG Banking Corporation Limited — ATM Manufacturing Sector

Product Marketing Manager | 2019

- **Sales Funnel & Conversion Tracking:** Analysed trade fair lead pipelines and pre-sales conversion data for 100+ B2B client interactions; built performance summaries that optimised sales team targeting and follow-up sequencing.
 - **Multi-market Campaign Performance:** Monitored marketing performance across EMEA and APAC markets; translated channel and audience data into actionable recommendations for campaign spend allocation.
 - **Portfolio Gap & Market Analysis:** Identified product portfolio gaps across 6 lines through structured customer needs analysis and competitor benchmarking; findings directly shaped engineering development priorities and roadmap planning.
-

Hongkong and Shanghai Banking Corporation Limited (HSBC)

Strategy Project Management Officer (PMO) | 2021–2022

- **Programme Analytics & Attribution:** Owned financial performance analytics for a USD 8M digital transformation programme; built multi-dimensional budget variance dashboards, tracked spend attribution across 6 workstreams, and produced weekly burn-rate reports escalated to C-suite.
 - **Stakeholder Data Storytelling:** Acted as bridge between technical data teams and C-level decision-makers — translated complex programme status into structured insight narratives that drove investment and prioritisation decisions at executive reviews.
-

STUDENT CONSULTING EXPERIENCE

VfB Stuttgart — Lüneburg & Stuttgart

- **KPI Design:** Developed an impact measurement framework and cost-benefit tracking methodology for sustainability projects, presenting findings and recommendations to club management.
 - **Data-Driven Post-Event Evaluation:** Delivered structured analysis enabling evidence-based post-event evaluation across the club's sustainability programme.
